

This is the first meeting for the second semester. The zoom opens at 3:50 PM by our secretary, Vuong. As members join the zoom, Vuong requests for the members to put their grades after their names so that it can facilitate the confirmation process for attendance.

To start off the meeting, Cindy says the pledge as members stay mute. This way, there isn't a lot of feedback as there are over 60+ members in the meeting. After the pledge, Cindy goes over quick updates and reminders for the members. For starters, Cindy reminds the members about the hour requirement of 15 hours. Additionally, she also tells members that t-shirts have arrived and that they could be picked up in our sponsor's room.

Next, the board of directors go over the events that we are having. The first event is BEANBEANBEAN. In this event, members answer questions of their choice to donate beans. The goal is 21 questions, and the goal increases as the number of questions answered correctly increases. Next, the thank you UCHealth event is announced. In this event, members send cards to UCHealth to show our appreciation to healthcare workers.

Finally, Vuong ends the meeting with attendance. Members fill out the google form and exit the zoom, concluding the meeting.
